

School Year Registration FAQs 2023-2024

How do I register my child for MEDC for the 2023-2024 School Year?

Registration will be all ONLINE. You will receive an email when it is your open-enrollment period (see Important Dates below), with a password you can use to login and register quickly and easily through our website. Enrollment contracts will be completed online; forms & other required paperwork can be delivered in person, or scanned/sent via email.

How do I know that my child has been successfully registered?

You will receive a confirmation email within 2 business days; if you do not hear from us, please suspect there was an issue and be in touch with the MEDC office to ensure we can help secure your enrollment.

What is the deposit to secure my spot?

A non-refundable \$100 deposit is required to reserve your child's placement for next school year. An invoice will be sent along with your confirmation of enrollment email. Payment can be made online via invoice or check. Please note that without payment of a deposit, your spot may be forfeited and offered to others in need.

Can I register for individual weekdays?

MEDC is committed to offering care to as many families in need as possible. Due to high demand for placements and limited capacity, MEDC will continue to offer enrollment "**full time**", 5 days/week only. Families still have the option to enroll in morning care only, afternoon care only, or both.

As a currently enrolled family, am I guaranteed a spot next year?

Placements are never guaranteed...BUT priority enrollment is granted to currently enrolled families. As long as you register, pay your deposit, and receive confirmation of enrollment within your open enrollment period (see Important Dates below), your spot will be held for next year.

My currently-enrolled child has a sibling that will be starting Kindergarten next year; how/when can I register them?

Incoming siblings of currently enrolled MEDC students can be registered at the same time as re-registering your currently enrolled child.

How/When will registration open up to families on the waiting list?

Once *currently enrolled* families have had the chance to register, remaining placements will be offered one at a time to families on our waiting list according to the date your WL application was received. Please see the timeline below and be sure to monitor your **email** closely during your enrollment period; families will have a clearly-stated, limited time frame to accept placements offered.

What are the tuition fees for the 2023-2024 School Year?

The fees for before and aftercare are determined each year by our financial committee, in partnership with the Director, and then approved by our parent-based Board of Directors. We strive to always keep tuition costs to a minimum. The registration and fee schedule will be shared on May 6th.
